

Gift card printing and folding instructions

1) Print the second page of this PDF document. Check your print settings to **ensure the card page is printed at 100% scale.**

2) With the printout oriented horizontally (front of card is at lower left), fold the sheet in half as shown so that the inside of the card is folded to the back.

3) Fold the sheet in half again, bringing the inside of the card under the front of the card.

You deserve a gift that matters.
In the spirit of the season, I've made a gift in
your honor to the National MS Society.
Together, we're making the future brighter
for people with MS.
